Science Explorer: Life, Earth, and Physical Science is a comprehensive series that provides a balanced focus of Life, Earth, and Physical Science topics in each book.

Authored by Paul Hewitt, the pioneer of the enormously successful "concepts before computation" approach, Conceptual Physics boosts student success by first building a solid conceptual understanding of physics. The Three Step Learning Approach makes physics accessible to today's students. Exploration - Ignite interest with meaningful examples and hands-on activities. Concept Development - Expand understanding with engaging narrative and visuals, multimedia presentations, and a wide range of concept-development questions and exercises. Application - Reinforce and apply key concepts with hands-on laboratory work, critical thinking, and problem solving.

Encourage students to create their own learning portfolios with the Mark Twain Interactive Notebook: Physical Science for fifth to eighth grades. This interactive notebook includes 29 lessons in these three units of study: -matter -forces and motion -energy This personalized resource helps students review and study for tests. Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, this product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character.
