Are Britain ' s cities attractive places in which to live, work and play? Asking that question, this is a critical review of how the design dimension of the Urban Renaissance strategy was developed and applied, based on expert academic assessments of progress in Britain ' s thirteen largest cities. The case studies are preceded by a dissection of New Labour ' s renaissance agenda, and concluded by a synthesis of achievements and failings. Exploring the implications of this strategy for the future of urban planning and design, this is a must-read for students, practitioners of these subjects and for all those who
