Cat 3126 problem. Thread starter Mr P; Start date 18 Aug 2020; 18 Aug 2020 #1 M. Mr P New member. Joined 18 Aug 2020 Messages 8. After a good sunny weekend away we were returning to Pwllheli in our Azimut 42. When we were approaching the marina entrance the port engine cut out / stopped. We have Cat 3126 engines. This is the second time this ...

Cat 3126 problem | YBW Forum

The 3126 is based on an earlier engine (3116), it appears that earlier engine had some bad problems and this started it out on a bad foot. I read some posts saying that the early 3126 blocks were weak, and cracked frequently (Something about a french foundry making bad castings) but I think that was actually the 3116 and CAT pro-actively recalled those blocks.

I know of at least 4 trucks 98,99, and two 2000 models that have the same problem my first engine broke a valve a 298000 miles overhead is always ran at or below 100,000 miles and all other maintenance is done at or before cat specs. frankly I think the 3126 is the biggest piece-o-##### ever produced for a commercial truck, wish I had a cummins but to get back to it I am looking for people with ...

3126 cat | Expedite Trucking Forums

That bad connection cannot support an electrical load, that is why you get weird ECM problems like this. While the head light is connected wiggle your wiring harness all the way back to the either the batteries or the starter depending on where it gets its power from. If the wiring has a bad spot, the headlight will flicker or drop out.

Cat 3126 Ecm Wiring Diagrams Caterpillar Ecm - CatEcm

Caterpillar 3126 66 i changed fuel filters how do i bleed the fuel system. If so then crack open a fuel line at the furthest injector from the pump and try to see if the fuel has leaked down out of the rail. If a cat diesel engine doesnt have good fuel pressure it can cause a lot of performance related issues.

27 Caterpillar 3126 Fuel System Diagram - Wiring Diagram List
