Bluets - definition of bluets by The Free Dictionary

Range: Bluets are native to southern Ontario, Quebec, New Brunswick and Nova Scotia. Habitat: Bluets are naturally found in wet grassy meadows, thickets, and open woods. Give them moist, slightly acidic soil (although they can tolerate drier conditions), and either full sun or partial shade. Bluets can be planted in a meadow or semi-shade garden, at the edge of a path or to replace lawn.

"Suppose I were to begin by saying that I had fallen in love with a color."

Suppose I were to begin by saying that I had fallen in love with a color . . . A lyrical, philosophical, and often explicit exploration of personal suffering and the limitations of vision and love, as refracted through the color blue. With Bluets, Maggie Nelson has entered the pantheon of brilliant lyric essayists. Maggie Nelson is the author of numerous books of poetry and nonfiction, including Something Bright, Then Holes (Soft Skull Press, 2007) and Women, the New York School, and Other True Abstractions (University of Iowa Press, 2007). She lives in Los Angeles and teaches at the California Institute of the Arts.

A Guardian Book of the Year Maggie Nelson is one of the most electrifying writers at work in America today, among the sharpest and most supple thinkers of her generation - Olivia Laing Bluets winds its way through depression, divinity, alcohol, and desire, visiting along the way with famous blue figures, including Joni Mitchell, Billie Holiday, Yves Klein, Leonard Cohen and Andy Warhol. While its narrator sets out to construct a sort of ' pillow book ' about her lifelong obsession with the colour blue, she ends up facing down both the painful end of an affair and the grievous injury of a dear friend. The combination produces a raw, cerebral work devoted to the inextricability of pleasure and pain, and to the question of what role, if any, aesthetic beauty can play in times of great heartache or grief. Much like Roland Barthes ' s A Lover ' s Discourse, Bluets has passed between lovers in the ecstasy of new love, and been pressed into the hands of the heartbroken. Visceral, learned, and acutely lucid, Bluets is a slim feat of literary innovation and grace, never before published in the UK.

Offers an extended essay pondering the color blue and its many associations.

Before Maggie Nelson ' s name became synonymous with such genre-defying, binary-slaying writing as The Argonauts and The Art of Cruelty, this collection of poetry introduced readers to a singular voice in the making: exhilarating, fiercely vulnerable, intellectually curious, and one of a kind. These days/the world seems to split up/into those who need to dredge/and those who shrug their shoulders/and say, It ' s just something/that happened. While Maggie Nelson refers here to a polluted urban waterway, the Gowanus Canal, these words could just as easily describe Nelson ' s incisive approach to desire, heartbreak, and emotional excavation in Something Bright, Then Holes. Whether writing from the debris-strewn shores of a contaminated canal or from the hospital room of a friend, Nelson charts each emotional landscape she encounters with unparalleled precision and empathy. Since its publication in 2007, the collection has proven itself to be both a record of a singular vision in the making as well as a timeless meditation on love, loss, and perhaps most frightening of all freedom.

Maggie Nelson provides the first extended consideration of the roles played by women in and around the New York School of poets, from the 1950s to the present, and offers unprecedented analyses of the work of Barbara Guest, Bernadette Mayer, Alice Notley, Eileen Myles, and abstract painter Joan Mitchell as well as a reconsideration of the work of many male New York School writers and artists from a feminist perspective.

Late in 2004, Maggie Nelson was looking forward to the publication of her book Jane: A Murder, a narrative in verse about the life and death of her aunt, who had been murdered thirty-five years before. The case remained unsolved, but Jane was assumed to have been the victim of an infamous serial killer in Michigan in 1969. Then, one November afternoon, Nelson received a call from her mother, who announced that the case had been reopened: a new suspect would be arrested and tried on the basis of a DNA match. Over the months that followed, Nelson found herself attending the trial with her mother and reflecting anew on the aura of dread and fear that hung over her family and childhood—an aura that derived not only from the terrible facts of her aunt's murder but also from her own complicated journey through sisterhood, daughterhood, and girlhood. The Red Parts is a memoir, an account of a trial, and a provocative essay that interrogates the American obsession with violence and missing white women, and that scrupulously explores the nature of grief, justice, and empathy.

' Maggie Nelson is one of the most electrifying writers at work in America today, among the sharpest and most supple thinkers of her generation ' Olivia Laing In this electrifying and raw debut anthology, Maggie Nelson unpicks the everyday with the quick alchemy and precision of her later modern classics The Argonauts and Bluets. The poems of Shiner experiment with a variety of styles—syllabic verse, sonnets, macaronic translation, Zen poems, walking poems—to express love, bewilderment, grief, and beauty. This book, Nelson ' s first, heralded the arrival of a fully formed, virtuoso voice.

An intrepid voyage out to the frontiers of the latest thinking about love, language, and family Maggie Nelson's The Argonauts is a genre-bending memoir, a work of "autotheory" offering fresh, fierce, and timely thinking about desire, identity, and the limitations and possibilities of love and language. It binds an account of Nelson's relationship with her partner and a journey to and through a pregnancy to a rigorous exploration of sexuality, gender, and "family." An insistence on radical individual freedom and the value of caretaking becomes the rallying cry for this thoughtful, unabashed, uncompromising book.

The New York Times and USA Today bestseller! "...a hauntingly atmospheric love letter to the first mobile library in Kentucky and the fierce, brave packhorse librarians who wove their way from shack to shack dispensing literacy, hope, and — just as importantly — a compassionate human connection."—Sara Gruen, author of Water for Elephants The hardscrabble folks of Troublesome Creek have to scarp for everything—everything except books, that is. Thanks to Roosevelt's Kentucky Pack Horse Library Project, Troublesome's got its very own traveling librarian, Cussy Mary Carter. Cussy's not only a book woman, however, she's also the last of her kind, her skin a shade of blue unlike most anyone else. Not everyone is keen on Cussy's family or the Library Project, and a Blue is often blamed for any whiff of trouble. If Cussy wants to bring the joy of books to the hill folks, she's going to have to confront prejudice as old as the Appalachias and suspicion as deep as the holler. Inspired by the true blue-skinned people of Kentucky and the brave and dedicated Kentucky Pack Horse library service of the 1930s, The Book Woman of Troublesome Creek is a story of raw courage, fierce strength, and one woman's belief that books can carry us anywhere—even back home. Additional Praise for The Book Woman of Troublesome Creek: "A unique story about Appalachia and the healing power of the written word."—Kirkus "A timeless and significant tale about poverty, intolerance and how books can bring hope and light to even the darkest pocket of history."—Karen Abbott, New York Times bestselling author of Liar Temptress Soldier Spy "Emotionally resonant and unforgettable, The Book Woman of Troublesome Creek is a lush love letter to the redemptive power of books."—Joshilyn Jackson, New York Times and USA Today bestselling author of The Almost Sisters
