Log cabins tend to be built in the woods and, as such, living in one truly can be an escape from the world.

With everyday life there are always cars driving to and fro, noises from neighbors and people on the streets, and light coming from so many different places, so escaping away to a log cabin can be very peaceful for many people.

Cabins _ Life in the woods.
Ever since Henry David
Thoreau's described his two
years, two months, and two
days of cabin existence at
Walden Pond, Massachusetts
in Walden, or, Life in the
Woods (1854), the idea of a
refuge dwelling has seduced
the modern psyche. In the
past decade, as our material
existence and environmental
footprint has grown
exponentially, architects
around the globe have become
particularly interested in
the possibilities of the
minimal, low-impact, and
isolated abode.

Small Cabin in the Woods:
Living The Simple Life Off
the Grid. on March 8, 2013.

One of our readers, Mark
built his own off the grid
small cabin. Recently he had
to move and has been missing
his 16'x20' cabin. Tomorrow
I'm going to show you Mark's
micro house that he uses as
a camper with his Toyota
Tacoma truck.
