Canadian Curriculum ScienceSmart covers the essentials of elementary science. Curriculum-based, each title provides students with succinct information and engaging activities to stimulate their natural curiosity, and help them master the basic concepts and develop an interest in learning science.

Canadian Curriculum ScienceSmart covers the essentials of elementary science. Curriculum-based, each title provides students with succinct information and engaging activities to stimulate their natural curiosity, and help them master the basic concepts and develop an interest in learning science.

Complete ScienceSmart (New Edition) is a workbook series that covers the essentials of elementary science and includes all four strands of the Science curriculum. Each book provides students with succinct information and engaging activities to help them master the basic concepts of science and technology, relate science and technology to society and the environment, and develop the skills needed for scientific inquiry. The hands-on experiment sections help students investigate and grasp a better understanding of science concepts. In addition, the QR codes in each book provide quick and easy links to encourage students to further explore science concepts and enrich their learning experience. Along with "Scientists at Work", "Cool Science Facts", and "Trivia Questions", the fun and manageable exercises and activities not only help students consolidate and master what they have learned in school, but also stimulate their interest in learning science.

The Complete Canadian Curriculum series of books covers key subject areas: Math, English, Science, History, Geography and Social Studies. The curriculum-based practice units are designed to ensure that your child understands the concepts and masters the necessary skills. With vivid illustrations and interesting activities, children find working through Complete Canadian Curriculum both fun and rewarding. Inside Complete Canadian Curriculum Grade 4 workbook: Mathematics worksheets cover numbers to 10 000, addition and subtraction of 3-digit numbers, addition and subtraction of 4-digit numbers, multiplication, division, length, distance, perimeter, area, time, mass, capacity, volume, fractions, decimals, addition and subtraction of decimals, money, 2-D shapes, 3-D figures, grids, patterning, graphs, and probability. English worksheets cover nouns, adjectives, verbs, adverbs, subjects, objects, predicates, subject pronouns, object pronouns, possessives, prepositions, the simple present tense, the simple past tense, the future tense, simple sentences, compound sentences, capitalization, commas, quotation marks, apostrophes, connecting words, abbreviations, contractions, prefixes, suffixes, compound words, synonyms, antonyms, writing journals, writing paragraphs, narrative writing, descriptive writing, and writing poems. Social Studies worksheets cover heritage and identity: early societies, 3000 BCE to 1500 CE, past and present, people and environments; political and physical regions of Canada, industries, etc. Science worksheets cover habitats, producers and consumers, food chains, adaptations, habitat destruction, the arctic, light, light to reflection and refraction, light to transparency, light and colour, sound, special wheels to gears and pulleys, minerals, rocks, igneous rocks, sedimentary rocks, metamorphic rocks, how to use rocks and minerals, erosion, fossils, and caves.

Canadian Curriculum SummerSmart 4 to 5 provides children with a relaxed and engaging way to retain knowledge acquired in Grade 4 and prepares them for Grade 5. In the spirit of summer fun, Canadian Curriculum SummerSmart 4 to 5 combines activities that review core concepts from English, Math, Science, and Social Studies into concise weekly units designed to require only a short yet reasonable amount of time to complete. Topics covered include adverb and adverb phrases, measurements, the properties of minerals, the Canadian government, and many more. There are also engaging Arts and Crafts activities, as well as Comics and Fun Places to Go in Summer for leisure reading. Additional bonus content is available online as well along with a weekly planner to help schedule practice for your child. We are confident that Canadian Curriculum SummerSmart 4 to 5 will help prepare your child for academic success in the upcoming school year.

Canadian Curriculum ScienceSmart covers the essentials of elementary science. Curriculum-based, each title provides students with succinct information and engaging activities to stimulate their natural curiosity, and help them master the basic concepts and develop an interest in learning science.

Canadian Curriculum FrenchSmart helps supplement and consolidate what children have learned at school in a systematic way. The engaging activities cover the major areas in learning French: vocabulary building, grammar, reading, and usage. Illustrations in English are provided where needed to ensure that children learn with confidence.

The Complete Canadian Curriculum series of books covers key subject areas: Math, English, Science, History, Geography and Social Studies. The curriculum-based practice units are designed to ensure that your child understands the concepts and masters the necessary skills. With vivid illustrations and interesting activities, children find working through Complete Canadian Curriculum both fun and rewarding. Inside Complete Canadian Curriculum Grade 1 workbook: Mathematics worksheets cover numbers 1 to 100, addition, subtraction, counting, money, measurement, capacity, mass, 2-D shapes, 3-D solids, directions, and temperatures. English worksheets cover consonants, vowels, rhyming words, nouns, sentences, capital letters, punctuation, verbs, adjectives, articles, and connecting words. Social Studies worksheets cover heritage and identity, people and environments, etc. Science worksheets cover my body, five senses, living things and their growth, healthful eating, safe and healthful living, objects and materials, changing materials, reuse and recycle, energy and the sun, day and night, seasons, plants through the seasons, and animals through the seasons.

Curriculum-based ScienceSmart Experiments Grades 1 to 3 is a book covering more than 200 level-appropriate experiments and cool science facts to help Grades 1 to 3 children consolidate and master what they have learned at school. The topics covered include "Daily and Seasonal Changes", "Properties of Liquids and Solids", "Strong and Stable Structures", and more. Most of the hands-on experiments require common everyday objects that can be done by children at home. With the clear instructions and guidelines, children can experience different science concepts by working through the fascinating experiments. The "Cool Science Facts", "Scientists at Work", and "I Love Canada" sections provide fun facts and interesting elements to allow children to explore science concepts through Canadian contexts. Online support is available to provide more cool science facts and trivia to further stimulate children's interest in learning and exploring science.

Complete Curriculum Success Preschool, published in full color with captivating illustrations to help stimulate learning for children, is divided into three learning sections: Math, English and Science. Each learning section is separated into chapters covering different concepts. Use the unique QR code at the beginning of every section that leads the user to more online educational resources to help further develop the child's understanding of Math, English and Science concepts. Complete Curriculum Success Preschool also includes an easy reference answer key is included in the back of the workbook. All Complete Curriculum Success workbooks are created in alignment with National and State standards.
