~~Andreoli And Carpenter's Cecil Essentials Of Medicine 8th—~~  
Description. Students, residents, and instructors swear by Andreoli and Carpenter ' s Cecil Essentials of Medicine because it presents just the right amount of information, just the right way. This updated edition has been revised to provide the most current, easy-to-digest review of internal medicine. Comprehensive yet concise, it focuses on the high-yield core knowledge important to those established in or just entering the field.

This is a comprehensive yet concise authority in current medical knowledge. the editors have brought together the best of the world-renowned experts in their areas to organize an overview of the accepted facts of physiology, diagnosis, and treatment. Each of the classic textbooks of medicine has a particular philosophy and this one is known for its practical, quick, comprehensive nature. This edition continues to meet that extraordinary goal.

Introduction to molecular medicine -- Cardiovascular disease -- Pulmonary and critical care medicine -- Preoperative and postoperative care -- Renal disease -- Gastrointestinal disease -- Diseases of the liver and biliary system -- Hematologic disease -- Oncologic disease -- Endocrine disease and metabolic disease -- Women's health -- Men's health -- Diseases of bone and bone mineral metabolism -- Musculoskeletal and connective tissue disease -- Infectious disease -- Neurologic disease -- Geriatrics -- Palliative care -- Alcohol and substance abuse

This text provides readable as well as comprehensive coverage of the essential elements required to conduct a biologically effective practice of internal medicine coupled with the compassionate approach that is indispensable to healing. This new edition offers a review of all current knowledge and advances - physiologic, biomedical, pathophysiological, clinical, diagnostic, and therapeutic.

This comprehensive review book presents a series of board-type questions on every subspecialty area of internal medicine to help you test your knowledge of the field and prepare for the certification boards. Annotated answers at the end of each chapter are cross-referenced with the Cecil Textbook of Medicine, 21st Edition. This latest edition features about 1,200 entirely new questions, plus several new chapter authors.

Complete, yet concise, Medicine: A Competency-Based Companion provides the core information you need to think like an experienced clinician during your medical rotation. This handy, pocket-sized medical reference book hones in on the must-know differential diagnoses of the common medical presentations and guides you through the most up-to-date and effective approaches to treatment, equipping you to excel. Take it with you! A portable, pocket-sized format places high-yield core information essential to internal medicine rotations right in your lab coat. Assess your progress with activities to promote retention and application of knowledge, including online access to your own competency-based portfolio tools and competency-specific learning modules (Vertical Reads), Master ACGME Core Competencies to integrate evidence-based medicine, continual self-assessment, and cognizance of interpersonal skills into your daily routine. Understand and assimilate critical concepts more easily with "Speaking Intelligently" and "Clinical Thinking" features in clinical chapters to help you see the "big picture." Quickly access the most common and must-know internal medicine signs/symptoms and disorders, conveniently organized by presentation. Grasp and retain vital information more easily thanks to "Teaching Visuals"—an interactive teaching device designed to reinforce visual concepts. Perform a more in-depth review of internal medicine topics with "Clinical Entities" that are referenced to Andreoli and Carpenter ' s Cecil Essentials of Medicine, 8th edition. Access the full contents online at www.studentconsult.com where you'll find the complete text and illustrations, "Integration Links" to bonus content in other Student Consult titles, an interactive community center with a wealth of additional resources, self-assessment competency log, vertical reads and much more!

This updated Fourth Edition continues to serve as a comprehensive introduction to family medicine. Written at the clerkship level, it groups chapters into three sections: Principles of Family Medicine, Promoting Health throughout Life, and Common Problems. New to this edition is a feature called Careers in Family Medicine, three additional chapters, and a division of respiratory tract infections expanded and split into upper and lower. Its user-friendly style makes the book a lasting companion tool for the approach to diagnosing and treating common problems. Comes with a CD-ROM that contains 100 USMLE-style questions with explanations to accompany the text.
