Cokie Roberts's number one New York Times bestseller, *We Are Our Mothers' Daughters*, examined the nature of women's roles throughout history and led USA Today to praise her as a "custodian of time-honored values." Her second bestseller, *From This Day Forward*, written with her husband, Steve Roberts, described American marriages throughout history, including the romance of John and Abigail Adams. Now Roberts returns with *Founding Mothers*, an intimate and illuminating look at the fervently patriotic and passionate

women whose tireless pursuits on behalf of their families -- and their country -- proved just as crucial to the forging of a new nation as the rebellion that established it. While much has been written about the men who signed the Declaration of Independence, battled the British, and framed the Constitution, the wives, mothers, sisters, and daughters they left behind have been little noticed by history. Roberts brings us the women who fought the Revolution as valiantly as the men, often defending their very doorsteps. While the men went off to war or to Congress, the women managed their businesses, raised their children, provided them with political advice, and made it possible for the men to do what they did. The behind-the-scenes influence of these women -- and their sometimes very public activities -- was intelligent and pervasive. Drawing upon personal correspondence, private journals, and even favored recipes, Roberts reveals the often surprising stories of

these fascinating women, bringing to life the everyday trials and extraordinary triumphs of individuals like Abigail Adams, Mercy Otis Warren, Deborah Read Franklin, Eliza Pinckney, Catherine Littlefield Green, Esther DeBerdt Reed, and Martha Washington -- proving that without our exemplary women, the new country might never have survived. Social history at its best, *Founding Mothers* unveils the drive, determination, creative insight, and passion of the other patriots, the women who raised our nation. Roberts proves beyond a doubt that like every generation of American women that has followed, the founding mothers used the unique gifts of their gender -- courage, pluck, sadness, joy, energy, grace, sensitivity, and humor -- to do what women do best, put one foot in front of the other in remarkable circumstances and carry on.

The National Tribune was the premier Union veterans' newspaper of the post-Civil War era. Launched in 1877 by a New York veteran to help his comrades and sway Congress to pass better pension laws, a short time later the National Tribune began publishing firsthand accounts penned by the veterans themselves, and did so for decades thereafter. This rich, overlooked, and underused source of primary material offers a gold mine of eyewitness accounts of battles, strategy, tactics, camp life, and much more. From generals to privates, the paper

printed articles and long serials on everything from major battles such as Gettysburg and Antietam, to arguments about which battery fired the shot that killed General Leonidas Polk, whether Grant ' s army was surprised at Shiloh, and just about every topic in between.

Unbeknownst to many, a number of Confederate accounts were also published in the paper. Decades in the making, Dr. Rick Sauers ' unique multi-volume reference work *The National Tribune Civil War Index: A Guide to the Weekly Newspaper Dedicated to Civil War Veterans, 1877-1943* lists every article (1877-1943). The first two volumes are organized by author, his unit, title, and page/column location. The third volume—the main index—includes a subject, author, and unit guide, as well as a “ Unit as Sources ” index that lists articles that mention specific commands but are written by soldiers who were not members of that unit. As an added bonus, this reference

guide includes the contents of both the National Tribune Scrapbook and the National Tribune Repository, two short-lived publications that included articles by veterans, and a listing of the major libraries that have National Tribune holdings. Thanks to Dr. Sauers, Civil War researchers and writers worldwide now have easy access to the valuable contents of this primary source material.

The American Civil War divided North and South and became the most destructive conflict fought in North America. On one side was the Union and on the other the Confederacy, divided over the future of slavery. Meet the North president Abraham Lincoln and the South, Jefferson Davis. Witness key events like the draft riots and the Battle of Gettysburg. Simple History, telling the story without information overload.
