The thrilling prequel to the award-winning video game from BioWare Every advanced society in the galaxy relies on the technology of the Protheans, an ancient species that vanished fifty thousand years ago. After discovering a cache of Prothean technology on Mars in 2148, humanity is spreading to the stars, the newest interstellar species, struggling to carve out its place in the greater galactic community. On the edge of colonized space, ship commander and Alliance war hero David Anderson investigates the remains of a top secret military research station, smoking ruins littered with bodies and unanswered questions. Who attacked this post and for what purpose? And where is Kahlee Sanders, the young scientist who mysteriously vanished from the base-hours before her colleagues were slaughtered? Sanders is now the prime suspect, but finding her creates more problems for Anderson than it solves. Partnered with a rogue alien agent he can't trust and pursued by an assassin he can't escape, Anderson battles impossible odds on uncharted worlds to uncover a sinister conspiracy . . . one he won't live to tell about. Or so the enemy thinks. BONUS: This edition includes an excerpt from Drew Karpyshyn's Mass Effect: Ascension.

The first graphic novel guide to growing a successful raised bed vegetable garden, from planning, prepping, and planting, to troubleshooting, care, and harvesting. "A fun read packed with practical advice, it's the perfect resource for new gardeners, guiding you through every step to plant, grow, and harvest a thriving and productive food garden."—Joe Lamp'l, founder and creator of the Online Gardening Academy Like having your own personal gardening mentor at your side, The Comic Book Guide to Growing Food is the story of Mia, an eager young professional who wants to grow her own vegetables but doesn't know where to start, and George, her retired neighbor who loves gardening and walks her through each step of the process. Throughout the book, "cheat sheets" sum up George's key facts and techniques, providing a handy quick reference for anyone starting their first vegetable garden, including how to find the best location, which vegetables are easiest to grow, how to pick out the healthiest plants at the store, when (and when not) to water, how to protect your plants from pests, and what to do with extra produce if you grow too much. If you are a visual learner, beginning gardener, looking for something new, or have struggled to grow vegetables in the past, you'll find this unique illustrated format ideal because many gardening concepts—from proper planting techniques to building raised beds—are easier to grasp when presented visually, step by step. Easy and entertaining, The Comic Book Guide to Growing Food makes homegrown vegetables fun and achievable.

It's no use crying over spilled milk. Especially since Patrick Akiyama has the power to control it. He didn't have the best draw in the superpower lottery, but he's doing his best to make the best of it. When a maniacal egomaniac makes his move to take over the city, Patrick is thrust into the world of superheroes vs super villains, and finds himself teaming up with a group of misfits to help stop a madman's plot. In order to come out on top, Patrick has to dig deep and unleash everything he's got. Two Percent Power. Manning Household Best Selling Author, Brian Manning brings the first installment of the Two Percent Power trilogy: Delivering Justice. A story for fans of comic books, and comic book movies alike. Tighten your capes, heroes, and buckle up for a wild ride!

THE OFFICIAL TIE-IN TO THE LATEST INSTALLMENT OF ONE OF THE MOST POPULAR AND SUCCESSFUL GAME FRANCHISES EVER - MASS EFFECT Titan Books will work closely with acclaimed video game developer BioWare to publish three brand new novels set in the universe of MASS EFFECT(TM). ANDROMEDA. The action will weave directly into the new game, chronicling storylines developed in close collaboration with the BioWare game team. The action takes place concurrently with the adventure of the game itself, setting up the story and events of the game adding depth and detail to the canonical MASS EFFECT saga.

This text provides a quick, practical guide to the grammar, punctuation, and usage skills students need most and takes a self-teaching approach.

Cypress Hill is considered the first-ever Latin American hip hop group, and has sold over 20 million albums to date, with this graphic novel release timed to their 30th anniversary and activities and merchandise planned around it Graphic novel traces the group's origins back to Los Angeles, CA and is set against a backdrop of the turmoil of the LA Riots, making this an all-too relevant release following the events of 2020 and clashes between police and protestors in the Black Lives Matter movement Written by former Complex Editor-in-Chief and Def Jam Records executive Noah Callahan-Bever Feature media coverage in LA Times, NY Times, High Times Planned regional features across Southern California print and radio outlets, including daily and weekly publications in Los Angeles, Orange County, and San Diego 1991: XXX years ago, a trailblazing trio made music history blending East Coast hip-hop fundamentals with West Coast chicano swagger to form a sound all their own. Before they became icons, Louis and Senen were just a couple teenage cholos from around the way, trying to stay out of trouble—Until a series of chance encounters with both sides of the law changed their path forever.

Searching for a way to stop the invasion of sentient machines called Reapers, who harvest all organic lifeforms, with the help of a young woman with extraordinary abilities, Navy admiral David Anderson and his partner, Kehlee Sanders, unwittingly expose a secretive paramilitary organization. Original.

2021 Facsimile of the 1955 Edition. "Out of the great mass of gardening books here is one that really delights while it instructs. . . . Most important of all, it is a labour-saving book, explaining how much of the back-ache of gardening, particularly hand-weeding, can be eliminated by an intelligent policy of mulching, and the use of natural rather than artificial methods of cultivation." The Book Exchange [England] The author has, over the course of a quarter century of gardening, worked out a method of using mulches. This has cut down her expenditure of hard work and has given her excellent fruit, vegetables and flowers. . . a new method of mulch gardening.
