**Heaven Sent 1 Jet Mykles—**

"They're back!" The members of the band "Heaven Sent" are back in the sequel to "Heaven Sent: Heaven and Purgatory." "Heaven Sent: Hell" Heaven Sent gets a hell of new keyboardist with a name to match. Hell Witting is an amazing musician and proves to be the answer to a sound that the band was missing. With lavender hair and big violet eyes, he captivates Brent Rose from the start, and not just with his music. Brent knows better than to get involved with a member of the band. That just invites trouble and the last thing he wants is trouble for Heaven Sent. So he'll just keep the attraction to himself. Doesn't matter anyway. Hell couldn't possibly want him. After all, Brent's not gorgeous and flashy like the other members of the band. When Hell makes his interest in Brent all too obvious, Brent is unprepared...and unable...to stay away. "Heaven Sent: Faith" Darien's best friends are the other guys in the rock band Heaven Sent. The three-now four-of them are closer than brothers to him and he's happy that they've all found their life mates. He is. He doesn't at all mind that each of those life mates are men. He doesn't. In fact, that's just it. Maybe there's something to this gay stuff. He's never been particularly interested before, but after a short, failed marriage, he's willing to open himself up to new possibilities. Especially if one of those possibilities is the gorgeous lawyer who handled his divorce, Christopher Faith. Trouble is, Chris doesn't seem to want to believe that Darien's serious. Well, sure, Darien's never slept with a guy before, but he's allowed to change his mind. Isn't he? "Publisher's Note: This book is a male-male love story and contains homoerotic sex acts that may be offensive to some readers."

Purgatory. Lucas Sloane defines beautiful for Reese. Tall and sleek with gorgeous red hair and deep, dark eyes to drown in, it's no wonder that the famous bass player of Heaven Sent is the hero of many a starry-eyed teenager's dreams. Reese used to be one of those teens back when Heaven Sent was no more than the house band for the local club, Purgatory. Back then, Reese found the courage to confess his love to Luc...only to be soundly rejected. Luc wasn't gay. Not long after, Heaven Sent left town and skyrocketed into rock and roll stardom. Now, six years later, Luc is back in town for a visit and more gorgeous than ever. Surprisingly, he not only apologizes for his treatment of Reese years ago, becomes onto him. Luc's discovered the pleasures of being with a man and wants to know what it'd be like between the two of them. But Reese can't. He lives the straight and narrow, teaches high school...he's even got a girlfriend. He has a normal life. He can't be gay. But it's hard to deny the man who's defined everything beautiful in Reese's artistic mind. No one has to know about it, right?

Can a party boy and a responsible businessman really make it work? Bryce is the adorable young thing that Dustin knows he shouldn't want. He should be looking for a man his own age. Someone with a future. Someone with a real job. But no matter how hard he tries, no matter how much he knows that it just won't work, he can't resist those big blue eyes. Dusty is an adult. So unlike any of the party crowd that Bryce hangs around. But after just a brief taste of Dusty's so-called boring, normal life, Bryce is more surprised than anyone to find out that that's the life he wants. No wonder they just Can't Fight This Feeling.

"Heaven Sent: Genesis" When Brent, Heaven Sent's guitarist, breaks his hand before the New Year's show, the stress of adjusting brings the guys' personal issues to light. They need more than a miracle to live happily ever after. They need a Genesis. "Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: male/male sexual practices." "Heaven Sent: Revelations" The boys of Heaven Sent take a hiatus, so their manager Gretchen, takes some time for herself. Her summer vacation takes a turn for the sultry with her sexy new man Archer...and her cute personal assistant Owen. But Owen thinks he's not enough for Gretchen. And Gretchen thinks Owen is far too young for her. Archer thinks they're both ridiculous. He knows the three of them are just right for each other, if they can survive the revelations. "Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, male/male sexual practices, menage (m/m/f with m/m sex/interaction)."

"Michael wants Meg to become grand dame. Rudy just wants their threesome to stay together. Meg just wants her men. But the lion-shifter Logan adds a whole new kink to their happy threesome..." The legacy of the evil witch has left Meg with a heck of a lot of power and influence in the southwest United States. Much to her dismay, this means that just about everyone thinks she's a shoe-in to be the next grand dame. What they don't get is that the "last" thing Meg wants is to be grand dame. She grew up watching her mother rule the paranormal community in the northeast US and it was enough to show her that kind of responsibility. Terrance B. Sharpe proclaims himself to be the man for the job, however. He's even leashed the matriarch of L.A.'s very powerful lion's pride as a display of his prowess. It's through him that Meg meets an actor she's panted after for years. One of the lions, Logan Lockhart, not only makes her girl parts happy, he also fills her in on a thing or two about Sharpe that she'd really rather not know. But what the heck is she doing paying attention to Logan when she's already got two luscious shifters to call her own? Michael and Rudy are doing all they can to help her out, but Michael, as usual, has his own goals that don't always mesh with Meg's. What's a girl to do when she's been handed a lion's share of power on a silver platter? "Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, menage (m/f/m), male/male sexual interaction."

Sometimes we get what we never wanted, and Meg never wanted to be grand dame. Now that she's got the job, she's doing her dammedest to do it right. But it's far from a one-woman show. Michael is the one who really should be running the show, but his newly discovered magic powers make managing his own life almost too much to handle. Then there's Rudy. Sweet Rudy who is all about doing everything he can, but who's just too young and inexperienced to be much help. So what's a busy grand dame to do? Lucky for Meg, she's got one more shape-shifter to lean on. Connections, personality, and background make Logan uniquely suited to be Meg's righthand man, at least in the public eye. Problem is, he claims to be in love with her. It's not that she doesn't think he's great--because she does--but there's no more room in her bed or her heart for another man.

Sex. Drugs. Rock 'n Roll. Nick Gorman's got it all. He's on top of the world, living his dream, playing guitar on stage in front of thousands of people with non-other than Marlowe. The famous singer could have had his choice of anyone to replace his former guitarist, but he picked Nick to tour with him. Now Nick's star is on the rise, all thanks to Marlowe, who's not only Nick's idol but is fast becoming a terrific friend. In the blink of an eye, it all turns upside down. A drug-hazed time in a bed alone with Marlowe forces Nick to be aware that the rock star's interest in him is more than just friendly. Then, before he can even react to that, both singer and guitarist are in a near-fatal accident that could ruin both their careers. What now? Marlowe's in jail for two years and Nick is broken. Could they ever play together again, let alone explore the sizzling reverberations that still exist between them?

"Dark Elves 3: Salvation" Irin was raised among the raedjour -- dark elves bred by their goddess for sexual pleasure. When Irin was a toddler, sorcerers cast a protective spell on her to quell the lustful urges of those around her. Under that spell and the watchful eyes of her protectors, Irin has a happy, if unique childhood as a human girl among all raedjour boys. But she's a woman now, and it's time for the spell to be lifted and for her to find out what it means to be taken and mastered by the raedjour -- and to find her trueamate among them. Savous and Radin. Apprentice and master. They've been a pair for centuries and have helped to watch over Irin her whole life. There's no doubt in either of their minds that one of them will be the first to introduce Irin into the world of sexual pleasures. But there's more to Irin than anyone knew. Will her passion be the destruction of the lifelong bond between two men? Or the salvation of an entire race? "Have you ever wondered what it would be like to be used, pleased...and be the salvation of an entire race?" "Dark Elves 4: Dissent" Marisol and her brother are on the run. With nowhere to turn, they take their chances in the Dark Forest. Captured by the "dark denizens" they'd been warned about, they are taken into the darkness by these beautifully cruel elves and used for selfish, sexual pleasure. No human can withstand the full force of raedjour sexual pleasures for long. Jarak and his men are dispatched to rescue Marisol and her brother, but they come too late. They save them from death, but now what are they to do with the traumatized humans? Life among the raedjour is in upheaval andtraditions of the last four thousand cycles of seasons may not apply. And Jarak's and Marisol's attraction only complicates matter. "Have you ever wondered what it would be like to be pleased...nearly to death?" Publisher's Note: The stories in this book contain explicit sexual content, graphic language, and situations that some readers may find objectionable: Bondage, domination/submission, male/male sexual practices, and dubious consent.

This is an updated version of 'the' teacher training course for teachers and trainee teachers preparing for the Cambridge ESOL Teaching Knowledge Test (TKT) Modules 1, 2 and 3 or other initial teacher training qualifications.

This volume features a trio of M/M tales from three of the genre's hottest authors. Winner Takes All by Laura Baumbach -- Two vampires face off in a deadly bet that has the winner claiming everything the loser owns--including the loser's innocent, unaware human offspring. Gift of the Raven by Angela Fiddler -- Cory has always been mercurial; passionate one second and frozen the next, but when he was hot, he was scorching. Luke had brought him up as a vampire but couldn't keep him the first time around. But now evil's come on an arctic wind, and they'll need each other to fight it. Wolfe's Recluse by Jet Mykles -- Can Wolfe lure Matt out of his apartment for the first time in two years? Is the gorgeous Wolfe temptation enough for Matt to overcome his fear of vampires?
