Yeah, just went thru that with a GX340 engine on my pressure washer - the thing acted like a fuel problem. It would start and run OK at idle, but under load it would run maybe 15-20 seconds and die - if I was quick enough, choking it would SOMETIMES keep it from dying. Checked the in-tank fuel filter, looked NEW. Pulled float bowl, flushed out everything with the nastiest carb cleaner I could ...

Honda CR-V Affected by Engine Troubles - Consumer Reports

I have a Honda Gc160 engine on a pressure washer that I have had for a few years now. I bought it from a friend for cheap because it had an issue and he bought a new one. Basically, the pressure washer would work fine until you have it in bypass mode (wand trigger not depressed) then the rpms would shoot up a lot.
