As well as a most informative section on how the modern music industry works, and the challenges it faces in a digital era where the majority of 16-24yr-olds (always the biggest customer base) can't understand why they are required to pay for music, Byrne also asks why society considers classical music as 'Good' (often used in films

For over thirty years, besides making music, David Byrne has focused his unique genius upon forms as diverse as the archaeology of music as we know it, architectural photography and the uses of PowerPoint. Now he presents his most personal work to date, a collection of drawings exploring the form of the tree diagram. *Arboretum* is an eclectic blend of science, automatic writing, self-analysis and satire. A journey through irrational logic - the application of scientific rigour and form to irrational premises, proceeding from careful nonsense to unexpected sense. The tree diagram is a form that might reveal more about yourself than you dreamed possible.

What makes a musical note different from any other sound? How can you tell if you have perfect pitch? Why do 10 violins sound only twice as loud as one? Two iconic bands. An unforgettable life. One of the most dynamic groups of the '70s and '80s, Talking Heads, founded by drummer Chris Frantz, his girlfriend Tina Weymouth, and lead singer David Byrne, burst onto the music scene, playing at CBGBs, touring Europe with the Ramones, and creating hits like "Psycho Killer" and "Burning Down the House" that captured the post-baby boom generation's intense, affectless style. In *Remain in Love*, Frantz writes about the beginnings of Talking Heads—their days as art students in Providence, moving to the sparse Chrystie Street loft Frantz, Weymouth, and Byrne

shared where the music that defined an era was written. With never-before-seen photos and immersive vivid detail, Frantz describes life on tour, down to the meals eaten and the clothes worn—and reveals the mechanics of a long and complicated working relationship with a mercurial frontman. At the heart of *Remain in Love* is Frantz's love for Weymouth: their once-in-a-lifetime connection as lovers, musicians, and bandmates, and how their creativity surged with the creation of their own band Tom Tom Club, bringing a fresh Afro-Caribbean beat to hits like "Genius of Love." Studded with memorable places and names from the era—Grace Jones, Andy Warhol, Stephen Sprouse, Lou Reed, Brian Eno, and Debbie Harry among them—*Remain in Love* is a frank and open memoir of an emblematic life in music and in love.

musician, and former Talking Heads frontman David Byrne has created an extraordinary document and critique of the times we live in. Your Action World parodies the "inspirational" promotional materials including books, tapes, and corporate advertising - with which we are inundated daily. Byrne's impulse is to fight back, "to stem the tide of images and bullying texts that assault all of us, by building dikes and dams of my own images and texts. To understand the enemy I must become one with the enemy, I must be of one mind with the enemy. I must infect myself in order to be immunized." An intelligent, quirky document from one of our most innovative artists with a cool debossed PVC cover and 4-color sticker Your Action World will be the cult hit of the season.
