99202-99205: In 2021, new patient codes 99202-99205 will no longer require the 3 key components or reference typical face-to-face time. Instead, each service includes "a medically appropriate history and/or examination," and code selection will be based on the MDM level or total time spent on that date.

The inpatient coding system is solely based on the assignment of ICD-9/10-CM diagnostic and procedural codes for billing and appropriate reimbursement. It's the standard coding system used by physicians and other healthcare providers for classification and coding of all diagnoses. It uses ICD-10-PCS to report procedures.
