A former CIA analyst unveils the true history of fake news and gives readers tips on how to avoid falling victim to it in this highly designed informative YA nonfiction title. "Fake news" is a term you've probably heard a lot in the last few years, but it's not a new phenomenon. From the ancient Egyptians to the French Revolution to Jack the Ripper and the founding fathers, fake news has been around as long as human civilization. But that doesn't mean that we should just give up on the idea of finding the truth. In True or False, former CIA analyst Cindy Otis will take readers through the history and impact of misinformation over the centuries, sharing stories from the past and insights that readers today can gain from them. Then, she shares lessons learned in over a decade working for the CIA, including actionable tips on how to spot fake news, how to make sense of the information we receive each day, and, perhaps most importantly, how to understand and see past our own information biases, so that we can think critically about important issues and put events happening around us into context. True or False includes a wealth of photo illustrations, informative inserts, and sidebars containing interesting facts and trivia sure to engage readers in critical thinking and analysis.

For the first time, this extraordinary compilation showcases weird, mysterious and bizarre plants from around the world. Plants trick, kill, steal and kidnap, and this unique book explores a fascinating world in which plants have turned the tables on animals. Author Chris Thorogood showcases these plant behaviours, the interrelationships among plants, the interdependencies between plants and animals, and the intrigue of plant evolution. All types of weird and sinister are featured in this book, from carnivorous plants that drug, drown and consume unsuspecting insect prey; giant pitcher plants that have evolved toilets for tree shrews; flowers that mimic rotting flesh to attract pollinating flies, and orchids that duplicitously look, feel and even smell like a female insect to bamboozle sex-crazed male bees.

Asks readers true or false questions about planets that the reader can find the answers to by turning the page.

One of our most brilliantly iconoclastic playwrights takes on the art of profession of acting with these words: invent nothing, deny nothing, speak up, stand up, stay out of school. Acting schools, "interpretation," "sense memory," "The Method"—David Mamet takes a jackhammer to the idols of contemporary acting, while revealing the true heroism and nobility of the craft. He shows actors how to undertake auditions and rehearsals, deal with agents and directors, engage audiences, and stay faithful to the script, while rejecting the temptations that seduce so many of their colleagues. Bracing in its clarity, exhilarating in its common sense, True and False is as shocking as it is practical, as witty as it is instructive, and as irreverent as it is inspiring.

I found myself having paranormal experiences. For a long time I thought I was crazy till I took a picture and saw a shadow in the back ground. So I went round other location locations to see if I can find other images of ghosts. To my surprise there was lots of images that had weird stuff in them. I now believe there are thing out there that have not been explain and I will keep looking for the answers! In this book I have put some true stories in and some false stories. See if you can find out the true or the false without looking in the back of the book.

Facts replace common myths in this in-depth question-and-answer book about horses and their diverse talents.

Klee's last book, his first, was variously hailed as "sharply intelligent" (Publishers Weekly) and "harsh, spastic" (Justin Taylor): we like to think of True False as intelligently spastic, or sharply harsh—disquieting

and funny. A collection of stories that range from the very short to the merely short, these forty-four tales evoke extraordinary scenes in an understated manner that's marked Klee one of today's most intriguing writers. From the apocalyptic to the utopic, from a haunted office building to a suburban pool that may be alive, a day in the mind of a demi-god Pythagoras to a secret race to develop artificial love, True False captures a fractured reality more real than our own.

Test your knowledge of the world's most notorious prison with this True or False book of Alcatraz history, spanning over 200 years! Learn of the Civil War period on the island when a Fortress stood on top. Discover how the Civil War Fortress eventually became a Military prison for defectors and uncooperative Native Americans of the day. Experience the secret prison of all prisons, where the worst of the worst were sent, Alcatraz Penitentiary, which kept the likes of Al Capone, Machine Gun Kelly and Robert Stroud (The Birdman of Alcatraz). When the island closed in 1963, it lay dormant, until an important political stand for the Native Americans helped paved the way for a people holding strong to their culture in the Indian Occupation. Today the island is part of the National Park Service and is home to a number of sea birds as they nest each year amongst the well-kept gardens of Alcatraz. As you test your knowledge of the island and its history you can also experience it first hand as you see it come alive with full-color 3-D photos, many of which will show you places even the public can't go. So settle back and see if you can gage your Alcatrivia and have fun peering through the prison in 3-D. PLEASE NOTE: Red and Blue 3-D, paper glasses are not included and may be purchased elsewhere on Amazon.

What is true revival and how can we tell the genuine from the false, the true from the spurious? With many preachers claiming to have 'revival, ' some wanting to impart it into your life, with many evangelists, churches and conferences declaring they will have revival (so come and receive a touch) - what is the truth? Revival Answers, True and False Revivals will answer these questions and many others, so we can discern genuine heaven-sent revival and not be deceived by a counterfeit. Many Christians who faithfully and persistently prayed for revival have rejected a move of God because they did not recognise it. Let us not be guilty of resisting the Holy Spirit, or condoning the flesh or the demonic. Featuring the facts of revival, related Scriptures, the abnormal and normal Church, the pendulum swing and characteristics of revival, the Church, community and educational institutions in times of revival. Understand: physical phenomena, conviction of sin, the supernatural, whether it is Divine or demonic, deception, excess and much more. Drawing from Scripture and Church history, this book will sharpen your senses and take you on a journey of discovery. What God declares in His Word and what Church history records as you search for a personal revival, and a move of the Holy Spirit within your local fellowship and beyond. Mathew Backholer is the co-founder of ByFaith Media (www.ByFaith.org) and films and co-presents ByFaith TV that airs globally on more than a dozen Christian networks. He is the author of a number of books including: Revival Fires and Awakenings, Global Revival: Worldwide Outpourings, Revival Fire and Discipleship For Everyday Living: Christian Growth.
