Part of our My Education campaign, this free lesson plan is a great way to get your students thinking about how education works in the UK. In 2013, My Education asked young people to tell us exactly what they want from their education and to share their aspirations for the future. This lesson, produced by Policy First (part of Teach First), encourages students to think about some of the barriers that young people face in our education system, what they would change about it, and how policy ...

### Example of a Good Lesson Plan - Harrow College

A great lesson ... grabs students' attention. The first few minutes of a lesson may be the most critical. Students will quickly decide whether or not they should devote their full attention to what is being taught. Every lesson should have a "hook" or "attention grabber" built into the first five minutes of the lesson.

### How Teachers Can Create a Great Lesson Students Love

In this lesson, learners are introduced to the names of some main school stages and national exams and are given the chance to compare with their country's educational system. Then they practise note-taking and speaking skills with a jigsaw reading activity based on a text about gap years from the British Council's Trend UK department and plan their perfect gap year with a partner.

### UK educational system | TeachingEnglish | British Council ...

The benefits of lesson plans are two fold. First, it allows you to map out what you're planning on teaching that day, and organize everything in your mind prior to presenting it to the students. Some teachers even like to show their kids the lesson plans, as it provides them with a map of what topics they're going to be encountering.
