culture. In this modern era of globalization and global media/cultural convergence, the book brings to light an often overlooked phenomenon of the gradual integration of narrative and character conventions borrowed from Japanese storytelling into American children's media. The book begins with a brief history of Saturday morning in the United States from its earliest years, and the interaction between American and Japanese popular media during this time period. It then moves onto reviewing the dramatic shift that occurred within the Saturday morning block through both an overview of the transitional decades as well as an in-depth analysis of the

A padlock is a mundane object, designed to fulfil a specific – and secular – purpose. A contemporary custom has given padlocks new significance. This custom is ‘love-locking’, where padlocks are engraved with names and attached to bridges in declaration of romantic commitment. This custom became popular in the 2000s, and its dissemination was rapid, geographically unbound, and highly divisive, with love-locks emerging in locations as diverse as Paris and Taiwan; New York and Seoul; Melbourne and Moscow. This book explores the worldwide popularity of the love-

lock as a ritual token of love and commitment by considering its history, symbolism, and heritage.

Nationalism and the nation state, globalization and Pan-Africanism are leading international relations concepts which have a particular relevance for Africa as an emerging economic power. This book examines the concept of nationalism, the nationalist mind-set or 'psychology of nationalism' and the role of the nation state in an era of globalism and globalization. The 'new' Pan-Africanism is a growing force, spurred by economic growth and Africa's rising global significance and recent years have seen the establishment of the African Continental Free Trade Area.

## Bookmark File PDF October 2017 Programming

Michael Amoah here investigates concepts of nationalism and the nation state through case studies of eight countries and discusses the impact of globalism in African states where Pan-Africanism is an increasingly significant factor in both domestic politics and international relations.

Reporter Chang Frick grew up dark-haired in a nation of blonds. Ostracized as a child, in adulthood he set out to expose the hypocrisy of Swedish society. When he revealed the cover-up of mass sexual assaults on teen girls at a 2015 music festival, he

## Bookmark File PDF October 2017 Programming

provoked a chain reaction that rattled the nation. Sweden's elites shirked responsibility and rushed to discredit him. Although Sweden boasts the world's oldest free press, its history of homogeneity and social engineering has created a culture where few dare dissent from consensus, those who do are driven to extremes, and there is no place for outsiders--even those who conform. In this groundbreaking book, investigative journalist Kajsa Norman turns her fearless gaze on the oppressive forces at the heart of Sweden's 'model democracy'. Weaving the history of its social politics with the stories of Frick and other outcasts, Norman exposes the

darkness in the Swedish soul.

Australia holds a unique place in the global scheme of fandom. Much of the media consumed by Australian audiences originates from either the United States or the United Kingdom, yet several Australian productions have also attracted international fans in their own right. This first-ever academic study of Australian fandom explores the national popular culture scene through themes of localization and globalization. The essays within reveal how Australian audiences often seek authentic imports and eagerly embrace different cultures, examining both Hollywood's influence on Australian fandom and Australian

fan reactions to non-Western content. By shining a spotlight on Australian fandom, this book not only provides an important case study for fan studies scholars, it also helps add nuance to a field whose current literature is predominantly U.S. and U.K. focused.
