more important than developing the skills to accomplish the task. Reprint. 20,000 first printing.

Self-help: To millions of Americans it seems like a godsend. To many others it seems like a joke. But as investigative reporter Steve Salerno reveals in this groundbreaking book, it ' s neither—in fact it ' s much worse than a joke. Going deep inside the Self-Help and Actualization Movement (fittingly, the words form the acronym SHAM), Salerno offers the first serious expos é of this multibillion-dollar industry and the real damage it is doing—not just to its paying customers, but to all of American society. Based on the author ' s extensive reporting—and the inside look at the industry he got while working at a leading “ lifestyle ” publisher—SHAM shows how thinly credentialed “ experts ” now dispense advice on

everything from mental health to relationships to diet to personal finance to business strategy. Americans spend upward of \$8 billion every year on self-help programs and products. And those staggering financial costs are actually the least of our worries. SHAM demonstrates how the self-help movement 's core philosophies have infected virtually every aspect of American life—the home, the workplace, the schools, and more. And Salerno exposes the downside of being uplifted, showing how the “empowering” message that dominates self-help today proves just as damaging as the blame-shifting rhetoric of self-help 's “Recovery” movement. SHAM also reveals:

- How self-help gurus conduct extensive market research to reach the same customers over and over—without ever helping them
- The inside story on the most notorious gurus—from Dr. Phil to Dr. Laura,

Everything people think they know about the Zoric family is a sham. Even me. I thought I was trying out to be their newest model. Luka was auditioning wives. I just need the career boost. He needs good PR to salvage his playboy image. It's a win-win - on paper. But since when has real life been simple? His jealousy makes me crazy. The control he maintains over my body is unacceptable. I really shouldn't be so turned on by it. But there's more to both me and my husband than meets the eye. And it isn't long before I'm wondering - which of us has made the bigger mistake? Book One in the Convenience Series.

Written by a parent and school board member, who first embraced many of the ideas of the modern school reform movement, *Schoolhouse Shams* lays bare much of the mythology and misinformation that underpin many of the failed school reform policies of the last decade. Many of the top strategies of the highly publicized school reform movement already have been tried out in St. Louis with disastrous results. Along with demonstrating the failure of school reform prescriptions to improve education, the experience of St. Louis demonstrates that the ideological premise of the reform movement, that a focus on providing opportunities for private profit-taking will necessarily improve schools, is both wrong and conflicts with the ideals of democracy, accountability, and justice.
