Bridget Cleary was burned to death by her husband in 1895. The reasons--as Bourke demonstrates--are difficult to tease out; it isn't clear ultimately whether Michael Cleary believed his wife was a changeling, or if in the aftermath of her (at least semi-accidental) death, maddened with grief and guilt, he came to believe that he believed she was a changeling.

Bridget Cleary was an Irish woman killed by her husband in 1895. Her death is notable for several peculiarities: the stated motive for the crime was her husband's belief that she had been abducted by fairies with a changeling left in her place; he claimed to have slain only the changeling. The gruesome nature of the case – she was either immolated while still alive or set on fire immediately following her death – prompted extensive press coverage. The trial was closely followed by ...

In March 1895, 26-year-old Bridget Cleary fell ill, then disappeared from her cottage in rural Tipperary.

In 1895 twenty-six-year-old Bridget Cleary disappeared from her cottage in rural County Tipperary and remained missing for several days. At last her body was discovered, bent, broken, and badly burned in a shallow grave. Within a few days, her unimaginable story came to light: for almost a week before her death she had been confined, starved, threatened, physically and verbally abused, exorcised, and finally burned to death by her husband, father, aunt, cousins, and neighbors, who had collectively confused a simple flu with possession by the fairies. In The Cooper's Wife Is Missing, Joan Hoff and Marian Yeates try to make sense of this outlandish, unfathomable, medieval "trial" and murder. Drawing on firsthand accounts, contemporary newspaper reports, police records, trial testimony, and a rich wealth of folklore, they weave a mesmerizing fireside tale of magic, madness, and mystery. This is narrative history at its evocative best.

From the author of Burial Rites, "a literary novel with the pace and tension of a thriller that takes us on a frightening journey towards an unspeakable tragedy,"-Paula Hawkins, bestselling author of The Girl on the Train and Into the Water Based on true events in nineteenth century Ireland, Hannah Kent's startling new novel tells the story of three women, drawn together to rescue a child from a superstitious community. Nora, bereft after the death of her husband, finds herself alone and caring for her grandson Micheal, who can neither speak nor walk. A handmaid, Mary, arrives to help Nora just as rumors begin to spread that Micheal is a changeling child who is bringing bad luck to the valley. Determined to banish evil, Nora and Mary enlist the help of Nance, an elderly wanderer who understands the magic of the old ways. Set in a lost world bound by its own laws, THE GOOD PEOPLE is Hannah Kent's startling new novel about absolute belief and devoted love. Terrifying, thrilling and moving in equal measure, this follow-up to Burial Rites shows an author at the height of her powers.

Over one million people died in the Great Famine, and more than one million more emigrated on the coffin ships to America and beyond. Drawing on contemporary eyewitness accounts and diaries, the book charts the arrival of the potato blight in 1845 and the total destruction of the harvests in 1846 which brought a sense of numbing shock to the populace. Far from meeting the relief needs of the poor, the Liberal public works programme was a first example of how relief policies would themselves lead to mortality. Workhouses were swamped with thousands who had subsisted on public works and soup kitchens earlier, and who now gathered in ragged crowds. Unable to cope, workhouse staff were forced to witness hundreds die where they lay, outside the walls. The next phase of degradation was the clearances, or exterminations in popular parlance which took place on a colossal scale. From late 1847 an exodus had begun. The Famine slowly came to an end from late 1849 but the longer term consequences were to reverberate through future decades.

Witch trials in the European or American sense were not common in Ireland although they did occur. In this book the stories of four remarkable court cases that took place from the fourteenth to the nineteenth century are told; other chapters chronicle the extraordinary lives of individuals deemed to be practitioners of the black arts - hedge witches, sorcerers and sinister characters. The book gives a unique insight into the fascinating overlap between witch belief and the vast range of fairy lore that held sway for many centuries throughout the land.
