As part of The Firebird Chronicles series, Rise of The Shadow Stealers follows the fast-paced story of Fletcher and Scoop. What is so great about these two is the realism that is evoked by their characterisation despite the 'less-than-realistic' world that they find themselves in.

**Firebird Chronicles, The: Rise of the Shadow Stealers from ...**

The Firebird Chronicles is a children's/young adult fantasy series following two young Apprentice Adventurers, Scoop and Fletcher. The first book, Rise of the Shadow Stealers, follows the confused youngsters as they make sense of their surroundings. Neither has any memories of who they are or where they come from, and with the help of their mentor, the Yarnbard, they slowly piece together the story of their past.

The Nemesis Charm, The second book in Daniel Ingram-Brown's Firebird Chronicles, jumps straight into the action a little while after the first book ended. We see our apprentice adventurers and brother-and-sister duo Fletcher and Scoop battle pirates and their old enemy Grizelda.

In this fantasy adventure, Fletcher and Scoop are Apprentice Adventurers from the ancient establishment of Blotting's Academy on Fullstop Island. This is the place where all story characters are trained. The trouble is, they can't remember how they got there. It's the first day of term, but the two apprentices soon realise something is wrong. Things are going missing, including their own memories, and Scoop has the unsettling feeling that something is creeping in the shadows. As the children search for answers, they become entangled with the life of the Storyteller, the islands creator and king. They journey to his wedding banquet and find themselves uncovering a hidden past. What is their connection to this mysterious man? And is there more to him than meets the eye?

Things are going missing. Can Fletcher and Scoop unearth their own lost history and save the Storyteller's treasure from the shadows?

A disgraced pilot saved by elemental magic. A jaded spy haunted by his past. Occult forces threatening to ruin them both. All Voi wants is to fly her plane and live a decent life, but something stands in her way: emelesia, a rare condition likely to land her in a mental asylum. Forever. Then comes Mr. Callahan, the mysterious agent who convinces Voi to spy for a cure. The catch? She has untapped elemental powers, and the enemy is psychic. Desperate for a remedy, the aviatrix trains for a dangerous mission, wary of the person she's being molded into. The threat of coercion hovers constantly: become an elemental agent, or face the asylum. Meanwhile, Voi struggles with unusual side effects—from overwhelming urges to unintentional manifestations of her powers, due to unchecked emotions. Between learning how to control her abilities, Mr. Callahan's growing reluctance towards her potential, and dealing with psychic revolutionaries... becoming an elementalist seems less and less appealing. Can Voi and her handler learn to trust one another, or will the machinations of paranormal politics lead to their undoing? The Man in the High Castle meets Avatar: The Last Airbender in a dark epic of espionage and elemental magic. The Elementalist: Rise of Hara is T. M. White's debut novel and the first in the Elemental Spies series.

The future can be rewritten. On the eve of her twelfth birthday, Beatrice Crosse runs away from her adoptive home only to encounter the ghost of England's most famous prophetess. The witch offers her treasure, but can she be trusted? Bea must wrestle her past to discover the witch's secret and find her way home.

DESCRIPTION: Read the story that turned children into warriors, and warriors into legends. The Dairne-Reih haven't been seen in Diona for generations—their kind and their king, Morgui, banished long ago from haunting paradise. But when creation shows signs of deterioration, the kings of the seven realms converge in the sacred Gvindollion gathering to arrive at one inexplicable conclusion: Morgui has returned. In the hopes of entrusting Diona's brave history and perilous future to a generation that has never known war, the kings decide to raise up their young sons as an elite group of warriors, known only as the Dibor. Gorn, legendary hero of the First Battle, is commissioned to teach the Dibor the art of war, leading them on a four-year adventure on the Isle of Kirstell. It is Luik, son of Lair, who soon emerges as the warband's spirited front man. But he is not the only one of his peers to grow in power; his dear friend Fane discovers hidden abilities among the Mosfar under the mentorship of Li-Saide of Ot, while Princess Anorra finds that her lifelong tutor knows as much about combat as he does about etiquette. There is little time for the Dibor to enjoy the satisfaction of graduation, however, as a sinister plot is discovered to dethrone Diona's kings and flatten the capital city of Adriel. The Dibor are summoned to war, along with the rest of Diona's fighting men. It is before the gates of Adriel Palace that Luik and his army face Morgui's prince, Valdenil, as well as the unending ranks of the Dairne-Reih.

War hero and daughter to two Houses, Kira is just beginning to learn how deep the rabbit hole goes. ?Agreeing to accompany her father's people back to their homeworld, Kira Forrest prepares for the fight of her life. She's agreed to undertake the Trial of the Broken, a rite of passage every member of her father's House must pass. It offers a path to independence and freedom that is too tempting to deny. Not everyone welcomes this lost daughter of Roake. There are those who fear what her presence might bring to light. Betrayal stalks the halls of Kira's birthplace—its roots embedded deep in the events that claimed her parent's lives and set her on her current path. Walking the wire's edge between truth and deception will test the person Kira has become as she separates ally from betrayer. An old enemy has put into motion a plan that could topple the balance of power in the universe. Letting them succeed spells doom—but the price might be more than Kira is willing to pay.

They say only the dead can cross a Threshold, the dead and those who have faced a Nemesis Charm. When Apprentice Adventurers, Fletcher and Scoop, discover their mother has fallen under the curse of a strange sickness, they prepare to sail for its source, a Threshold, a doorway to the world beyond the Un-Crossable Boundary. But they are not the only ones seeking to cross the Threshold. Their old enemy, Grizelda, has heard that beyond the Boundary lives a woman with the same power as the Storyteller. With the help of a monster made with an undead heart, she plans to cross the Boundary and steal that power for herself. If she succeeds, the Academy, the island and everything in Fletcher and Scoop's world will be hers.

When Hiro's mother and older brothers fall unconscious, the young ninja-in-training takes the Amulet of the Moon and sets out for the monastery of the Monks of the Dusk with his friends Ayo and Yoshi, and their teacher Mr. Sato, to seek help.

When Danny Perkins discovers that his grandfather has been kidnapped by a dark magician and taken to Peralucia, he has no choice but to activate the enchanted amulet. Together with his best friend, Joe Tucker, and a precocious young mermaid, he embarks on a dangerous rescue mission. But the dark magician has become immortal and built a devastating new army with which he intends to conquer this world. Can Danny and his friends find a way to defeat this ancient evil? Or will they, along with everyone in Peralucia, face the ultimate annihilation?
