together a collection of old fairy tales from various sources that most people are familiar with. As familiar as you might be with the stories within, some of them have endings that you may not have seen in schools or when you read them at night as a child. Delve back into the classic stories that you were raised on but sometimes a little more twisted.

The tales in the Grey Fairy Book are derived from many countries—Lithuania, various parts of Africa, Germany, France, Greece, and other regions of the world.
