boyfriend, Aiden Scott, knows better. He knows what she is. And like him, she was born this way. Now if finding out that people like her shouldn't exist isn't bad enough, Jade's best friend is kidnapped by the psycho who terrorises her dreams. With the help of Aiden, Jade has to figure out how to save her before it's too late. But what Jade doesn't know is not everything is what it seems. feeling other people's pain does that to a girl. I'm not an empath. I'm crazy! That is until I meet one guy who makes it all go away. Problem is, he's even crazier than me. At least I thought that in the beginning before the coincidences became undeniable. But, if what he was saying were true, he would not only become my savior, he would also open my eyes to a world filled with angels, demons, witches, and an ancient curse that I'm caught smack bang in the middle of. Either way, I already knew he'd be the death of me.

I thought I had it all: twin sister, cute boyfriend, and magic beyond my years. Night Shade Academy should've been easy for me, but nothing could prepare me for the moment when I'm kicked out of my birthright House and placed with the evil witches known as the Darks--despite being born a Light. Now, I'm stuck with a bunch of evil witches who compete in this crazy tradition where they pit the first years

against each other, fighting for their place in the hierarchy at the Academy. The only rule, try not to die. Oh, and did I mention it's not just witches we have to contend with? There's also Vampires and Lycans, as well. Thanks to the help of a gorgeous Dark that I find myself a little too attracted to, I'm able to keep my ass-whoopings to a minimum, until someone pushes me too far, and I find out exactly why my magic affinity is Dark.

Never in a million years would I ever fall for the son of a drug lord. Or so I thought until I moved two doors down from Jett. Zara thought her life was over when she had to move just days before graduation. The situation went from bad to horrible, when she discovers just how cruel the kids at her

new school can be. When Zara is set up by some bullies and almost raped, she somehow gets free, but she's haunted by the eyes of the one she believes rescued her. Later, bad boy Jett is only too willing to step in and help. In fact, Zara can't seem to get rid of him or his family, who all seem to have a strange obsession with her. Will letting down her guard be one of the biggest mistakes of her life, or is Zara destined to become a part of his life, an existence that no human could ever understand?

One month ago, Zara didn't know aliens existed, and now, she is not only one of them, but she is their royal; standing at the front line, fighting against the slavery of the human species. Half-breeds are a delicacy, and those in charge will do anything to stop the Lomazzos from ending their reign and the chance of owning a half-breed of their own. Lives will be lost, and others used as bait; the Lomazzos will discover a secret that none of them saw coming—A secret that might be the end of Zara and Jett, or might be the very thing that gives them the ability to cripple the alien species.

They said the demons would go after everyone we loved and cared about. They said I was theirs to command. They said I was one of them. What they didn't say was what would happen to me during my awakening. Nor did they tell me the whole truth about what I am. Someone is keeping a secret, one that will change the world. And while I'm off trying to save my family, others are slithering behind the shadows, waiting until the time when they can unleash their attack on me and damn our world forever. But if they think they're going to win, they don't know me very well. There isn't a thing I wouldn't do to protect those I love--even if I may die trying.
